# CERTIFICATE COMPONENT TESTING REPORT

Applicant: GUANGZOU CAMAZ HEALTH CARE CO.,LTD  
 Address: 2floor Building No.28, yiheng Road,Yadi Tech Park. Hetai Road,Hebian Street,Jiahe Town,Baiyun District.501440,Guangzhou,China  
 Testing product name: Anti radiation sticker  
 Testing Time: July .02. 2019  
 Testing Standard: International Standard  
 Samples Detail:  
 Size: Diameter:21\*29mm, Package size: 140\*57mm  
 Original from: CHINA  
 Material Detail:

Item	Component	Unit	Content
Main Material	PVC(Ploy Vinly Chlorodie)	%	76.3
	Arcylonitrile	%	5.1
	PC(Poly Carbonate)	%	2
	1.3-butadiene	%	1
	PET(Poloyethyleneterphthalate)	%	2
	ABS(Acrylntril Butadine Styrol)	%	3.5
Accessory Auxiliary Material	Negative ions	%	5.5
	Far Infrared	%	4.3
Conclusion			PASS

### -----MSDS SECURITY REPORT-----

This Items of trasportation is safe, and harmless to human&animal body,dont have any risk at any time. Negative ion and FIR(Far Infrared)are good for human body wellness and anti radiation of phone and laptop.

This Card will be available temperature from 0- 60 C, and can not be put in water, keep it dry.

Component&MSDS Report is issued by the company of Shanghai(CHINA) Microspectrum Chemical Technology Service Co.,Ltd. The Quantum Shield was tested by Shanghai Micro Spectrum Technique Quantum Shield material composition detection.

The Quantum Shield is showed safety and don't have any hazardous material inside. Negative ions is good for body healthy. It is not harmful for our human body
